ANC-1010 & ANC-1010B ACOUSTICAL CEILING TILES

ANC Ceiling tiles are offered as both a sound absorbing as well as a combination sound absorbing/sound blocking tile.

ANC-1010 Ceiling Tiles have a 2 mil white pebble grain vinyl facing attached to a 1" or 2" thick rigid fiberglass board and have excellent sound absorption (NRC) ratings.

ANC-100B Ceiling Tiles take the standard ANC-1010 tile and add a 1# per square foot foil backed vinyl noise to the backside of the tile for high sound absorption (NRC) and high sound blocking (STC) requirements.
