

NIMBUS

The Nimbus™ is an easy to use 24" x 48" x 1.5" (610mm x 1219mm x 38mm) acoustic cloud kit designed to attenuate ambient noise and control low, mid and high frequency reflections. The Nimbus is generally placed above an area where a reduction in sound level is desired such as restaurant tables, library reading zones or boardrooms.

When installed the Nimbus delivers greater intimacy and improved intelligibility in any space. Each Nimbus kit includes a fabric covered Broadway panel, SlipNot™, Helix™ and all hardware required to attach to a ceiling. The Nimbus is available in black, beige or grey fabric or in Absolute White™ paintable finish.
