

The Razorblade™ is a 24" x 48" x 8" (61cm x 122cm x 20.3cm) quadratic residue diffuser (QRD) that will effectively break up standing waves and directional reflections to provide a sense of air and increased space in any room. Ideally suited for recording studios, theaters and critical listening environments, the Razorblade features a series of 17 wells of varying depth that combine to effectively scatter frequencies as low as 400Hz.

The Razorblade is constructed using a combination of furniture-grade plywood for durability and medium density fiberboard slats for increased rigidity and mass. It ships fully assembled in an attractive black finish.

Frame Material	Baltic Birch outer frame, MDF inner
Dimensions	24" (610mm) x 48" (1219mm) x 8" (203mm)
Weight	75.1 lbs (34.0 kg)
Color	Black
