

ANC-VB60C Noise Barrier

ANC-VB60C is a transparent poly-vinyl chloride noise, wind and thermal barrier. It is designed to minimize the passage of sound, heat, cold, or wind from one area to another while offering maximum visibility. ANC-VB60C is also available in a USDA approved version.

- Rolls are available 48" wide up to 60'
- Strips are available 16" wide up to 100' long
- Offers significant noise reduction while allowing for visibility and easy access

APPLICATIONS

ANC-VB60C is available in roll form (up to 60' long), or in fabricated panels with grommets at the top and Velcro seals along each vertical edge. Standard panel width is 48", length as required. Custom sizes are available. In strip form rolls are available up to 100' long. Strips cut to length are available with mounting holes punched 2" on center.

PRODUCT DATA

Description	1LB-psf transparent PVC barrier
Standard width	48" sheet/roll, 16" strips
Thickness	.160 inches
