ANC-3010 & ANC-3010B

ACOUSTICAL CEILING TILES

Ceiling tiles are offered as both a sound absorbing as well as a combination sound absorbing/ sound blocking tile.

ANC-3010 Ceiling Tiles have a white fabric facing attached to a 1” or 2” thick rigid fiberglass board and have excellent sound absorption (NRC) ratings.

ANC-3010B Ceiling Tiles take the standard C-300 tile and add a 1# per square foot foil backed vinyl noise to the backside of the tile for high sound absorption (NRC) and high sound blocking (STC) requirements.

FINISHES
• Signature white fabric facing
• Option for any Guilford of Maine FR701-2100 fabrics
